### FHL Group Contributes \$100k towards Relief Operation

Fijian Holdings Group is contributing more than just cash towards Cyclone Relief. In addition to a cash donation of 10k, FHL group is contributing 10,000 concrete blocks through Basic Industries Ltd and 50 tons of cement from Pacific Cement. Another Group company, Fiji Television Ltd is contributing more than \$20,000 worth of advertisement slots to telecast announcements from DISMAC and Red Cross. FHL Properties and Fund Management are providing more than 100 cartons of dry rations. Standard Concrete has distributed approximately \$10,400 worth of food rations to affect villages and communities in Wailotua, Londoni and Dawasamu area where some of its operations are based.

FHL owned RB Patel Group is providing dry rations in partnership with Salvation Army and the Rotary Club of Suva. South Sea Cruises through its flagship program "Vinaka Fiji" is planning to bring volunteers in the coming months to provide skilled services to affected areas. This may be in the form of professional services such carpentry, plumbing and much needed man-power to assist affected areas with the clean-up and rebuilding of their communities.

In addition to this combined effort, Merchant Finance Ltd is also providing a Disaster Relief Package for its customers, whereby those affected can pay their loan in installments without penalties, subject to certain conditions.

Group Chief Executive, Nouzab Fareed says it is a time to act rather than talk, adding that we need to give back to those communities that need our assistance. We are certain that as Fijians, we will stand united at the time of need and shape our future.

These combined effort by the FHL Group exceeds \$100k.
